## CAREY'S CATHARTIC CANDIES A SAFE, RELIABLE AND THOROUGH FAMILY PHYSIC

NEVER, since the dawn of civilization, has there been recorded such an improvement in medical science as that inaugurated by the discovery of CAREY'S CATHARTIC CANDIES. The days of disgusting and dangerous pills, made of mercury and aloes, of nauseous salts and emetics, of sickly and rhubarb powders, are now numbered; a new era opens up; the medicinal properties of the age, and most expensive drugs have been, by care, known only to Doctor Carey, chemist. These candies, free from their useless particles, every vegetable of smell and taste removed, and made into the form of delicious candies. There is no longer a necessity for parents forcing themselves or their children to swallow and strangle with loathsome-tasting physicks.

CAREY'S CATHARTIC CANDIES Have valuable medical properties that no pills or powders ever can possess. They can be given to those with the most delicate stomachs, without the slightest knowledge that they are taking physic; they are not to be swallowed whole, being the same in the centre that they are on the outside; place one in the mouth before retiring for the night, allow it to dissolve slowly away, — its taste will be found delicious, while there are a variety of flavors to suit every palate.凡 all disease originating in the Stomach, the Bowels, the Liver, or the Kidneys, there has never been a medicine in existence that could equal them. They are guaranteed not to contain a single particle of Mercury or other mineral or corrosive substance, and can be given to the weakest infant with perfect safety. Their penetrating properties cleanse and invigorate every portion of the human body, correcting the diseased action and restoring its health, strength and vigor. Their effect upon the blood is to purify it from all undiseased humors, and to assimilate it a new life and richness that will cause the eldest and most aggravated complaints to speedily and permanently disappear. Subjoined is the certificate of the celebrated chemist, Mr V. S. HULTON, the highest authority in the United States, who has carefully examined and thoroughly tested the properties of these candies. Hear what he says regarding them:

New York, Jan. 31, 1862.  
Mr. G. C. BARBOUR,  
Proprietor of Carey's Cathartic Candies:  
DEAR Sir.—I have analyzed and tested critically your Carey's Cathartic Candies, which I hereby certify to be a safe and very efficacious physic. They do not contain any mineral or corrosive substance, and may be administered to invalids or children without fear. I consider them to be a very important discovery, and one which is of the greatest value to the community at large.

V. S. HULTON, Analytical Chemist.
